DELHI, THURSDAY, OCTOBER 18, 1962/ASVINA 26, 1884

PART IV

 Notifications of Departments of the Delhi Administration
 other than notifications included in Part I

DELHI ADMINISTRATION

NOTIFICATIONS

Delhi, the 29th September 1962

No. F.25(11)/61-M&PH.—The following regulations framed with the previous approval of the Chief Commissioner, Delhi, by the Board of Homoeopathic system of Medicine, Delhi, under section 29 read with section 46 of the Delhi Homoeopathic Act, 1956, prescribing the qualifications required for admission to a course of training in the Homoeopathic system of medicine, the course of such training and the qualifying examinations, are published for general information:—

Regulations prescribing the qualifications required for admission to a course of training in the Homoeopathic system of medicine, the course of such training, and the qualifying examinations.

General Regulations.

1. The Board will award a Diploma in Homoeopathic Science (D.H.S.) to students who have passed the final examination of the Board in the form prescribed (Appendix I).

2. The course of training for such a diploma will be of four years duration. The course will be divided into two parts—the first part to be called the D.H.S. (Prev.) and the second part to be called the D.H.S. (Final), each part having two years' course of study.

3. Any person having passed at least Matriculation, or Higher Secondary Examination of a recognised Indian University or Board of Education or any other equivalent examination preferably with elementary science, will be eligible for admission to the D.H.S. 1st year course:

Provided that the Board may require such persons to appear for a test, written and/or oral, as the Board may, in this behalf, direct from time to time.

4. Any person who has passed the D.H.S. (Prev.) Examination of the Board will be eligible for admission to D.H.S. III year course.

5. The language used in imparting instructions and conducting examinations shall be Hindi/English.

6. Such examinations shall be held after such period and at such centres in Delhi as the Board may from time to time in this behalf decide:

Provided that the Board may at the request of a candidate on the prescribed form (Appendix II) and on payment of a fee of Rs. 10/-, at least fifteen days before the commencement of the examination, and for sufficient reasons, allow him to change his Centre of Examination.

7. The examination shall be written, oral and practical.

8. An application for appearing in an examination must reach the office of the Registrar in the prescribed form (Appendix III) at least two months before the commencement of the Examination:

Provided that the Board may accept such application upto 15 days before the commencement of the examination for any sufficient reason and on payment of a late fee of Rs. 10/-.

9. All applications for appearing in an examination shall be accompanied by,—

(a) a certificate of his having completed the prescribed minimum percentage of attendance at a recognised institution, from the head of such institution in the prescribed form (Appendix IV);

(b) a receipt in token of payment of the prescribed fee or crossed postal orders for the requisite amount.

10. (1) A candidate for the D.H.S. (Prev.) examination shall have been on the rolls of a recognised institution for at least two years and shall have attended at least 66 per cent. lectures as well as practical lessons.

(2) A candidate for the D.H.S. (Final) examination shall have been on the rolls of a recognised institution for at least two years after passing the D.H.S. (Previous) examination and shall have attended at least 66 per cent. lectures as well as practical lessons:

Provided that the Board may condone the shortage in the prescribed period or deficiency in the percentage of attendance in any particular case for sufficient reasons:

Provided further that in the first three consecutive final examinations of the Board, Homoeopaths who have been practising whole-time since 16th October, 1956 to the satisfaction of the Board shall be eligible to appear as private candidates.

11. The following shall be the fees for various examinations of the Board:—

D.H.S. (Previous)	Rs. 25/-
D.H.S. (Final)	Rs. 40/-
Compartment Examinations.	Rs. 20/-
Ex-students and Private Candidates.	Rs. 50/-
Late Fee.	Rs. 10/-

12. A candidate who fails to present himself for the examination shall not be entitled to refund of the fee or to have it kept in deposit for a subsequent examination except in very exceptional cases where the Board may consider otherwise.

13. (1) Minimum marks required to pass an examination shall be 40 per cent. in each subject.

(2) A candidate who obtains 66 per cent marks or above in any subject and is declared successful, will be given distinction (Honours) in that subject.

(3) A maximum of 5 grace marks in one subject only or 3 marks in each in any two subjects may be given by the Board for making up deficiency of a candidate in being declared successful in any examination.

14. A candidate who obtains at least 20 per cent marks in one subject and passes in all others will be placed in compartment and will be declared successful on his being declared

successful in that subject in any of the three subsequent examinations failing which he shall have to re-appear in all the subjects.

If a candidate obtains 50 per cent. marks or more in a subject or subjects but fails in the examination, he shall, if he so desires, be given exemption from re-appearing in such subject or subjects, in three subsequent examinations where after he shall be required to appear in full subjects.

15. Fee for the communication of detailed marks obtained at any examination shall be as follows:—

- (a) For a candidate taking the full examination Rs. 2/-.
- (b) For a candidate taking part of an examination only. Re. 1/-.

16. (1) No re-examination of the answer books is allowed but retotalling of marks may be done on payment of a fee of Rs. 5/- per subject. Application for retotalling of marks shall be made within two months of the Publication of the result in the official Gazette.

(2) Rechecking will be done only to see whether the marks have been awarded to all the answers and whether such marks have been correctly totalled.

(3) If any mistake is discovered as a result of re-checking of an answer book, the Registrar shall have power to rectify the result and refund the re-checking fee.

17. The permission to appear in an examination to a candidate can be cancelled at any stage if any of the particulars given in his application therefor is found to be incorrect.

18. If a candidate is found guilty of any immoral act or deed either before, or during or after the examination or after the issue of a certificate or diploma which in the opinion of the Board is undesirable and amounts to mal-practice, the Board may take such action including cancellation of his result, certificate or diploma or disqualification for appearing in any examination of the Board as the Board may decide.

19. As soon as possible after the Examination, the Board shall publish a list of successful candidates, in the official Gazette.

Regulations for the D.H.S. (PREV.) Examination.

20. Subject to the provisions contained in the General Regulations, the D.H.S. (Prev.) examination shall be open to any student of a recognised homoeopathic institution who has attended regularly the following courses of instructions at such institutions:—

- (i) Two courses of 50 lectures or demonstrations each in Anatomy and a course of Dissections extending over two sessions during which he has completed the dissections of the entire human body.
- (ii) Two courses of 50 lectures each in physiology including microscopical demonstrations of histological specimens of tissues and organs and a course of practical chemical physiology.
- (iii) Two courses of 10 lectures each in Homoeopathic Pharmacy and Pharmacognosy.
- (iv) Two courses of 50 lectures each in Homoeopathic Materia Medica.
- (v) Two courses of 30 lectures each in Organon and Philosophy of Homoeopathy.

21. Every candidate shall be examined in the following subjects and the maximum marks for each such subject shall be as noted against each:—

Subjects	Written	Oral	Practical	Total
Anatomy	150	50	100	300
Physiology	150	50	100	300
Homoeopathic Materia Medica	150	100	..	250
Organon and Philosophy of Homoeopathy	150	100	..	250
Homoeopathic Pharmacy and Pharmacognosy	100	..	50	150

22. The examination in Anatomy shall consist of:—

- (a) one theoretical paper of three hours,
- (b) oral Examination and Practical Examination, and
- (c) identification of dissected parts, viscera and bones, and the syllabus therefor shall be as detailed below:—

(a) Anatomy-(Theoretical).

A complete course of human Anatomy with general working knowledge of the different anatomical parts of the body.

N.B.—The demonstrations in the tutorial classes may be counted as general class lectures.

Candidates will be required to recognise anatomical specimens and to identify and answer questions on structures displayed in recent dissections; to be familiar with the bones and their articulations including the vertebrae and the skull with the manner of ossification of the long bones.

Central Nervous System.

A knowledge of the naked eye anatomy of the brain, spinal cord and meninges and of the positions, connections and functional significance of the main nuclei and tracts.

The Living subjects.

Candidates must be prepared to undergo a test in surface Anatomy and surface Markings on a living subjects.

Radiographs subject: (a) Candidates may be questioned on radiographs of the normal subject.

Embryology.—(a) Maturation, Fertilisation, segmentation and embedding of the ovum. Formation of membranes and of the placenta.

(b) the origin of the tissues of the embryo and their differentiation into different structures.

(b) Anatomy-(Practical)

- (1) A course of dissection of the entire human body.

N.B.—Arrangements should be made to have dissection cards for the students. Parts should be allotted to the students and dissection of parts shall be regarded as complete only after their passing an oral examination concerning each part, held by the demonstrators. The period for dissection should be at least two months each year.

(2) A course of practical demonstrations on surface markings of:—

- (i) Important viscera,
- (ii) Arteries,
- (iii) Nerves, and
- (iv) some regions of clinical importance of the brain.

Text Books of Anatomy.

- (i) Compendum of Human Anatomy By Potter.
- (ii) Method of Anatomy By Boileux Grant.

For additional reading.—(i) Anatomy By Grey.
(ii) Dissector By Cunningham I to III Volumes.

23. The examination of the Physiology will consist of:—

- (a) One theoretical paper of three hours;
- (b) Oral examination and Practical examination in:—
 - (i) Identification of histological specimens, e.g. tissues,
 - (ii) Identification and use of common physiological instruments and appliances;
 - (iii) Microscopical and Chemical Examination of Urine, blood of normal and abnormal constituents, and the syllabus therefor shall be as follows:—

(a) Physiology (Theoretical).

A course of systematic lectures in the general principles and facts in Physiology with homoeopathic orientation specially the following:—

- (1) Histology—The Animal Cell,— Epithelial tissue, connective tissue, Muscular tissue, Nervous, tissue.
- (2) Contractile Tissues:—
 - Simple contraction—Tetanus, Fatigue, Principal Changes associated with contraction. Differences in function between voluntary and involuntary muscles rigor mortis.
- (3) Digestive system:—
 - Including food stuff, dietetics, absorption of food stuffs, and vitamins, functions of the Oesophagus, stomach, large and small intestines, salivary glands, Pancreas and Liver. Composition of Saliva and its functions. Composition and function of Gastric Juice, Pancreatic Juice. Bile and Succus Entericus, Functions of the large intestines. Functions of the Liver. Mechanism of Deglutition. Peristalsis. Defecation.

Definition and General actions of Enzymes.

General metabolism of fact, Carbohydrates and Proteins.

(4) Respiratory System:—

Structures of Trachea, Bronchi and Lungs, Mechanism of Respiration. Exchange of gases during respiration. Tidal Air Complementary Air, Supplemental Air, Residual Air, Vital Capacity, Apnoea, Asphyxia and its stages. Tissue Respiration.

(5) *Circulatory System:*

- Blood—Its composition, Life History of Red-blood cells and White blood cells, their functions. Coagulation of blood.
- Heart—Structure, Innervation. Cardiac Cycle, Heart Sounds—their character and causation. Heart Block.
- Blood Vessels:*
Histology of Arteries, Veins and Capillaries.

Mechanism of Blood flow:

- Pulse—its normal characters.
- Blood pressure, vascular tone-Vasomotor.
- Nervous Mechanism.

Short description of the Reticule-Endothelial system and its functions:

Spleen, Mechanism of intervascular clotting. Immunity. Vital reactions to normal stimuli.

(6) *Lymphatic System:*

- Structure of lymphatic Glands and Vessels.
- Composition of Lymph. Mechanism of Lymph flow.

(7) *Urinary System:*

- Structure and functions of kidney. Urine—physical Characters and chemical composition. Common abnormal ingredients and their detection.

(8) *Cutaneous System:*

- Structure and functions of skin. Sweat Glands—their structure. Composition of Sweat.

(9) *Animal Heat:* Its regulation in warm-blooded animals.(10) *The Ductless Glands:* Their structures and functions.(11) *Nerves and Nervous System:*

- Classification of nerves.
- The Central Nervous System.
 - Brain—Structure and functions of Cerebral Cortex (Cerebrum)—Rolandic Area. The Cortical Centres.
 - The Cerebellum—Structure and functions of Cerebellum.
 - The Medulla-Vesomotor, Respiratory and Cardiac Centres.
 - The Spinal Cord—Description of the Spinal Tracts of ascending and descending degeneration. Functions of the Spinal Cord. Spinal Nerve Roots.
- The autonomic nervous system.
 - The Sympathetic System.
 - The Para Sympathetic System.

12. *Special Senses.*

- Structures and functions of different parts of the eye-ball.
Vision—Formation of retinal image. Mechanism of accommodation.
Common errors of Refraction.
- Hearing—Anatomy and function of external middle and internal ear. Conduction of sound waves.
- Taste and smell—Varieties of the Papillae of the Tongue and their structure.
- Nerves of taste. Olfactory Nerves.
- Cutaneous and Motor Sense—Varieties of the end-organs; varieties of Cutaneous Sense, Muscle Sense.

13. *Reproductive System:* The Male reproductive Organs. The Female Reproductive Organs, Fertilisation of Ovum. The Mammary glands Menstruation, Ductless Glands in connection with reproduction.

(b) *Physiology (Practical).*

- Identification of Histological specimens of tissues and organs.
- Preparation and staining of Blood Films. Total and differential count on blood-cells.
- Use of the Haemoglobinometer and sphygmomanometer. Demonstrations of some experiments in connection with Nerve muscle Physiology.
- Chemical Examination of common normal and abnormal ingredients of Urine.

Text Books of Physiology.

Text Book of Physiology by Halliburton.

Additional Reading

Physiology by Loyatt Evan.

Physiology by Pal & Chakravarty.

Applied Physiology by Wright.

HOMŒOPATHIC MATERIA MEDICA

(DHS/Previous and Final Examinations)

24. The Examination of Materia Medica will consist of—

- Theoretical Examination.
- Oral Examination.
 - The drugs are to be taught according to the Scheme as outlined in Dunham's articles—"Homœopathy—the science of Therapeutics".
 - Introductory lectures to Homœopathic Materia Medica should include the following items:—
 - Nature and scope of Homœopathic Materia Medica.
 - Sources of Homœopathic Materia Medica.
 - Different ways of studying Materia Medica.

Text Books for the D.H.S. (Previous).

- Allens Key Note;
- Nash's Leaders in Therapeutics;
- Cowperthwait's Materia Medica.

List of Drugs (Previous Course)—Vide Appendix V.

Text Books for D.H.S. (Final):

- Kent's Lectures on Materia Medica.
- Hughes—Introductory Chapters of Pharmacodynamics.
- Farrington's Comparative Materia Medica.

Reference Books:

- Condensed Materia Medica by Hering.
- Synoptic Key by Boger.

Final Course—List of Drugs: As mentioned in Allens Key Notes.

25. *Organon of Medicine* (Philosophy of Homœopathy).

- One Theoretical paper of three hours.
- Oral Examination.

D. H. S. (Previous Course).

Hahnemann's Organon 5th Edition. Sections 1 to 145.

D. H. S. (Final Course).

3rd Year.—Hahnemann's Organon 5th Edition (Sections 146 to 294). Theoretical portion of Hahnemann's book on Chronic Diseases.

4th Year.—Revision of Organon. 2. Kent's Lectures on Homœopathic Philosophy.

Text Books.

Organon of Medicine by Dudgeon (5th Edition).

Genesis of Homœopathy by Stauroil close.

Books of Reference.

- Homœopathy—the Science of Therapeutic—Dunham.
- A brief study course of Homœopathy—E.H. Wright.
- Principles and Art of Homœopathy—Roberts.
- Principles and Practice of Homœopathy—Hughes. Introductory Chapters.

26. *Homœopathic Pharmacy & Pharmacognosy.*

- One theoretical paper of three hours.
- Oral and practical examination of preparation of dilution, trituration etc., weights and measures.

Homœopathic Pharmacy.

Lectures with Demonstrations on—

- Weights and measures.

- (2) Homœopathic Pharmaceutical instruments and appliances.
- (3) Sources of Homœopathic Drugs and their vehicles.
- (4) Methods of preparing Drugs from organic and inorganic Chemicals, vegetable and animal kingdoms and disease products (Nosodes).
- (5) Homœopathic Pharmacy.
 - (a) Posology.
 - (i) The Decimal scale.
 - (ii) The Centesimal scale.
 - Methods of preparation of mother-tinctures and of potentiising drugs.
 - (b) Preparation of Dilutions.
 - (c) Preparation of Triturations.
 - (d) Conversion of Triturations into solutions.
 - (e) Method of dispensing Tinctures.
 - (i) Tinctures dispensed with Distilled water.
 - (ii) Tinctures dispensed with sugar and milk.
 - (iii) Tinctures dispensed with Globules and Pilule.
 - (f) Methods of dispensing Triturations.
 - (g) External applications and its components.

REGULATIONS FOR THE D.H.S. (FINAL) EXAMINATIONS

27. (a) The Final D.H.S. Examination may be held twice a year at Delhi at such time as may be decided by the Board from time to time.

(2) Subject to the provisions contained in the General Regulations, the D.H.S. (Final) Examinations shall be open to every student who has furnished evidence to show that—

- (a) He has passed the previous D.H.S. Examination of the Board at least two academic years before the commencement of the examination,
- (b) Subsequent to passing the examination referred to in (a) above, he has regularly attended the following courses of study at a recognised Homœopathic Institution:—
 - (1) two courses of 50 lectures each in Practice of Medicine,
 - (2) two courses of 50 lectures each in Surgery,
 - (a) including operative Surgery, and
 - (b) one course of 12 lectures and 12 practical demonstration of Hospital cases in Ophthalmology in the 4th year class,
 - (3) two courses of 40 lectures each in Midwifery and gynaecology, including paediatrics.
 - (4) two courses of 50 lectures each in Organon and Homœopathic Philosophy,
 - (5) two courses of 50 lectures each in Materia Medica,
 - (6) one course of 30 lectures in Medical Jurisprudence including Toxicology,
 - (7) one course of 20 lectures in Hygiene and Public Health,
 - (8) two courses of 10 lectures and ten demonstrations each in ear, nose, throat and eye,
 - (9) one course of 30 lectures on General Pathology, Bacteriology and Parasitology in the third year class,
- (c) subsequent to passing the D.H.S. (Prev.) examination he has regularly attended a course of practical instruction in clinical laboratory work, e.g. Physical, Chemical and Microscopical examinations of Urine, Sputum, Stool, and Blood of not less than 15 demonstrations during a session,
- (d) he has attended at least 3 normal labour cases,
- (e) he has attended a course of practical instruction in bandaging, use of splints identification and use of common surgical instruments of not less than 15 demonstrations during a session,
- (f) he has regularly attended in-door hospital and out-door dispensary practice during the last two years, viz.—

- (i) four months attendance as a clinical assistant in Medical Wards of a recognised hospital with a course of clinical teaching of not less than 30 lectures or demonstrations during such attendance,
- (ii) four months attendance in Surgical Wards of a recognised hospital with a course of clinical teaching of not less than 30 lectures or demonstrations during such attendance,
- (iii) four months attendance as a clinical assistant in Gynaecological and Obstetrical Wards with a course of clinical teaching not less than 30 lectures or demonstrations during such attendance,
- (iv) three months attendance in the Medical out-door department with clinical teaching during such attendance.
- (v) three months attendance in the Surgical out-door department with clinical teaching during such attendance.
- (vi) three months attendance in the Gynaecological out-door department with clinical teaching during such attendance,
- (g) he has drawn up with his own hand ten medical and six surgical cases during his period of service as a clinical assistant in Medical and Surgical Wards respectively, and
- (h) he has attended 3 lectures/demonstrations each in Dentistry, X-Ray and Electro-diagnosis and Therapy.

28. Every candidate appearing in the D.H.S. Final Examination shall be examined in the following subjects and the maximum marks and the minimum pass marks for each subject shall be as noted against each:—

	Combined Theoretical and Practical	Oral and Practical	Total	Mini- mum Pass marks
Medicine	150	150	300	120
Materia Medica	150	150	300	120
Organon	150	150	300	120
Midwifery & Gynaecology	150	150	300	120
Pathology	100	100	200	80
Medical Jurisprudence	100	..	100	40
Surgery	150	150	300	120
Hygiene	100	..	100	40
Repertory	50	100	150	60

29. Medical Jurisprudence—(One Paper). Lectures.

1. **Death.**—Chief forms of unnatural deaths, accidents, suicide, Homicide, Poisoning, Sudden death, signs of deaths, Post Mortem, lividity, Rigor Mortis, Putrefaction, Mummification. Time collapsed since Death. Post mortem Examination in medico legal cases. Giving of medical evidence medico-legal reports and certificates.

2. **Identification of the living and dead.**—Age in its medico-legal aspect. The teeth assification—Union of Important epiphysis, sexual characteristics of the skeleton.

3. **Wounds and mechanical injuries.**—Definition and varieties, distinction between ante and post-mortem suicidal and homicidal wound. Results following wounds. Causes of death from wounds. Injuries of special region.

4. Deaths from Asphyxia—Hanging, strangulation, suffocation and drowning.

5. Deaths from burns, scalds, heat, cold, electric discharge and starvation.

6. Signs of virginity, Rape and Sodomy.

7. **Signs of Pregnancy.**—Quickening—period of human gestation, viable age-signs of delivery—recent and remote.

8. Criminal abortion and infanticide. Signs of live birth, signs of death from violence and criminal neglect or omission.

9. Poisons, action of, Diagnosis of cases of common poisoning, post mortem appearances in cases of poisoning.

10. Study of the following poisons:—

Mineral Acid, Corrosive sublimate, arsenic and compounds, Alcohol. Opium and its alkaloids, carbolic acid, Carbon Monoxide, Carbon Dioxide, Kerosine Oil, Cannabis Indica. Dhatura, Cocaine, Bella-donna. Strychnine and Nux

Vomica, Aconite, Oleander, Snake poison. Prussic Acid, Lead Poisoning.

Text Book of Jurisprudence:

Bakshi,

Additional reading.

Lyons,

30. Practice of Medicine.

(1) The examination in Practice of Medicine shall consist of:—

- (a) One theoretical paper of three hours.
- (b) An oral examination including an examination on identification of Pathological specimens, secretions and common medical appliances e.g. sphygmomanometer etc.
- (c) A practical Examination, at least half an hour being allowed to the candidate for the examination of, and report on his principal case. The examination of secretions e.g. the testing of Urine, should form a part of this examination.

Text Books.—A system of clinical Medicine by Saville or Bedside Medicine by Dr. A. R. Majumdar.

31. Midwifery and Gynaecology.

The examination in Midwifery and Gynaecology shall consist of:—

- (a) Two theoretical papers.
- (b) An oral examination in which questions on the use of common obstetrical and gynaecological Instruments and specimens and models and appliances shall form a special part.

Midwifery.—Sex cycle, Ovulation and Menstruation. Normal Pregnancy, Amnion, Chorion, Decidua, Placenta, Umbilical Cord, Foetal Circulation, General Physiology of Pregnancy, Antinatal care.

2. Abnormal Pregnancy: I. Toxemia of Pregnancy: Hyperemesis Gravidarum, Acute yellow atrophy of liver, Eclampsia, pre-eclampsia toxemia, Accidental hges.

II. Antinatal hæmorrhage—I and II Trimosters—Extopic Gestation, Hydatidiform, Mole, Abortion—Hgie Pregnancy. Hæmorrhages during III trimosters.

III. I. Placenta previa, Accidental Hge.

III. III. Diseases of Membranes.

- Hydramnios.
- Oligohydramnios.
- Hydatidiform Mole.
- Chronic Epithelioma.

IV. IV. Disease associated with pregnancy.

3. Normal Labour.

1. Stages of labour
2. Anatomy and physiology of labour
3. Mechanism of normal labour.
4. Management of normal labour.

4. Abnormal labour.

Abnormal Presentations.

- Breach
- Occipito-Posterior
- Face
- Brow
- shoulder
- Cord.

Presentation.

Multiple pregnancy.

Pelvic contraction.

Postpartum Hge.

Uterine.

Inertias: Primary and Secondary.

5. Puerperium.

- Physiology of Puerperium.
- Management of Puerperium.
- Disorders of Puerperium.

6. The New Born Child.

Breast feeding—Artificial feeding—Premature Infants Obstetric Injuries and diseases of New Born. Injuries, diseases and death of foetus. Foetal Asphyxia—Cases of foetal Death.

7. Obstetric operations—Induction of Abortion. Induction of Labour, Forceps-Episiotomy-Version.

32. Gynaecology.

1. Anatomy of female genital organs.

2. Examination of a gynaecological case.

3. Physiology and endocrinology of menstruation, Menopause, puberty.

4. Menstrual Anomalie. Amenorrhoea, Dysmenorrhoea, Menorrhagia, Motorrhagia.

5. Leukorrhoea.

6. Diseases of external genital organs. Vulvitis, Barthelinitis Ulcer of vulva, Pruritus, Tumours of vulva, Venereal diseases.

7. Diseases of Vagina.

8. Diseases of Cervix—Cervicitis, Erosion, Polyp, Cancer.

9. Diseases of Uterus: Displacements, inflammation, fibroids, carcinoma cervix Adenocarcinoma.

10. Disease of fallopian tube. Inflammation.

11. Pelvic peritonitis, Pelvic cellulitis.

12. Diseases of ovary: Inflammation, Tumour.

13. Sterility.

14. Gynaecological operations: Dilatation and Curetting of Uterus.

Text Book of Midwifery: Midwifery by J. C. Chatterjee.

Yugling's Accoucher's Emetgency Manual.

Text Book of Gynaecology: Young.

33. Pathology and Bacteriology.

The Examination of General Pathology shall consist of:—

- (a) One theoretical paper of three hours.
- (b) Practical and Oral examination.
 - (i) Identification of Pathological slides and specimens.
 - (ii) Identification of Pathogenic organisms.
 - (iii) Examination of normal and abnormal blood, Urine and sputum.

A. General Pathology.

(1) Introduction-Scope of Pathology—Old School—New School (Homoeopathic).

(2) Health and Disease, Etiology of diseases infection. Definition adaptation.

(3) Inflammation.

Concept of inflammation—phenomena of inflammation—etiology—Clinical manifestation of Inflammation—classification of inflammation—inflammation of special tissues—Suppuration.

Disturbances of circulation:—1. Hyperazotemia, (active and passive).

2. Thrombosis and Embolism including Infraction.

3. Oedema (Inflammation and Repair).

(4) Fever.

(5) Regenerative Tissue Changes. Hypertrophy and Hyperplasia. The healing process—healing of special structures.

(6) Degenerative Tissue Changes.

Atrophy-cloudy swelling-mucoid degeneration-hyaline degeneration-amyloid degeneration-collid degeneration, fatty degeneration-lipoid infiltration-glycogen infiltration-pigmentary changes-necrosis-gangrene.

(7) Proliferative tissue changes.

(a) Tumours. Etiology-Classification Benign Tumors. Fibroma, Myoma, Lipome. Ospeoma, Chondroma, Lumphoma, Malignant Tumors: (i) Cancers. (ii) Sarcoma.

Cysts.

Infective Graumlomata.

(8) Immunity.

Natural Immunity-Acquired Immunity-active immunity. passive immunity Phagocytosis-opsonin-chemiotaxis-bacteriolysins antitoxin agg; itmoms-precipitin-cytolysin-antiferments-antilipoids-albuminolysins-bacteriotrophins-theories of immunity antigenanaphylaxiz-shock.

B. Special Pathology.

N.B.—Special Pathology to be taught in connection with Medicine and Surgery. There will be no separate paper on special Pathology for examination as questions may be set in papers of medicine and Surgery.

(i) Diseases of the blood-general considerations-pernicious anaemia aplastic-anæmia-chlorosis-leukemias.

(ii) Diseases of the Circulation System. Pericarditis-Endocarditis-Arteriosclerosis-Syphilitic Aortitis-Aneurism.

(iii) Meningitis.

- (iv) Diseases of Respiratory System.
- (v) Diseases of the Kidney.
- (vi) Diseases of the Alimentary Tract. Peptic Ulcers-Cholera-Typhoid ulcers-Tuberculous ulcers-ameebic dysentery-Bacillary Dysentery.
- (vii) Cirrhosis of Liver.
- (viii) Diseases of Unknown Causation. Beriberi-Epidemic Dropsy.

C. Bacteriology.

The morphology, Biology and Pathogenic qualities of the following Micro-organisms:—

Pyogenic cocci, Pneumococcus and Gonococcus, B. Colic, Communis. B. Diphtheria, B. Tuberculosis. B. Tetanus. B. Typhosus, B. Dysentericus, B. Lepre, B. Pestis; B. Coma; B. Influenzae, Diplococcus Intracellularis. Meningitidis. Micrococcus Cattarrhales. B. Anthrax. B. Pratyphosus.

D. Parasitology:

The morphology, Biology and Pathogenic qualities of the following:—

- (i) Protozoa, Entamoeba Histolytica.
- (ii) Mastigophora, Leishmania.
- (iii) Sporogoa. Plasmodium Vivax-P. Malariae-P. Falciparum.
- (iv) Helminthes or Worms.
- (v) Spirochaetes of syphilis, Well's disease, Rat bite fever Ascaris Lumbricoides-Oxyuris Vermicularis-Filaria Bancrofti—Ankylostomumduodenale, Tape—worms, Taenia Saginata, Solium, Echinococcus.

(Practical)

- (1) 20 Demonstrations of histological slides of Pathological tissues and organs.
- (2) 20 Demonstrations of microscopic specimens of Pathogenic organisms.
- (3) 20 Demonstrations of technique of collection and preparation and examination of morbid materials such as Blood, Urine Pus, Sputum and Exudates. Demonstrations to run concurrently.

Text Book of Pathology:—Pathology By Dr. D. N. Banerjee.

34. Surgery.

The Examination in Surgery shall consist of:—

- (a) One theoretical paper of 3 hours.
- (b) An oral examination in which question on the use of common surgical instruments and appliances, on the application on splints and bandages, shall form a special part.
- (c) A practical examination including
 - (i) A clinical Examination at least half an hour being allowed to the candidate for the examination and report on his principal case.
 - (ii) Examination in minor operative procedures.

A systematic course of instructions on general principles and practice of Surgery including homoeopathic therapeutics wherever applicable with special emphasis on the following:—

(A) General Surgery.

- (1) General Surgery procedures.

Examination of a surgical patient-Asepsis and Antisepsis Sterilization-Technique in operative surgery-preparation of patients for operation after treatment of operation casts post operative complication.

- (2) Inflammation, Infection, Suppuration, Bacteriology of Surgical Diseases.
- (3) Non specific and specific infections.
- (4) Injuries contusions wounds, Haemorrhage, shock and Collapse, Burns and Scalds.
- (5) Ulceration and Gangrene.
- (6) Common Tumors, Cysts.

(7) General considerations with regard to injuries of Bones fracture and dislocations.

- (8) General considerations with regard to Injuries of Joint.

- (9) Diseases of the joints.

B. Regional Surgery.

(1) Injuries and Diseases of the Brain and its Membranes Concussion, Compression, Irritation and Laceration of the Brain, Intracranial Haemorrhages.

By Order,

D. P. MUNSHI,

Under Secretary (Medical and Public Health),
Delhi Admn., Delhi.

Delhi, the 1st October 1962

No. F.12/26/62-PR(T).—The following draft of rules
further to amend the Delhi Motor Vehicles Rules, 1940,
which the Chief Commissioner, Delhi proposes to make in
exercise of the powers conferred by section 70 of the Motor

Vehicles Act, 1939, is published for the information of persons likely to be affected thereby, and notice is hereby given that the said draft will be taken into consideration on or after the 30th November, 1962, together with any objections or suggestions that may be received in respect thereto before the date specified.

Draft Rules

1. **Short title.**—These rules may be called the Delhi Motor Vehicles (second Amendment) Rules, 1962.

2. **Amendment of rule 5:32.**—1. In rule 5:32 of the Delhi Motor Vehicles Rules 1940 (herein after referred to as "the said Rules"), after sub-rule (5), the following sub-rule shall be added, namely:—

(6) Notwithstanding anything contained in sub-rules (1), (3) and (5), in the case of double-deck buses used for carriage of school students, seating space of not less than twelve inches square measured on straight lines along and at right angles to the front of each seat shall be provided and seats shall be placed across the vehicle facing the front in case of lower deck and along the vehicle or across the vehicle in case of upper deck and there shall be everywhere a clear space of not less than twenty-six inches between the backs of the seats in the case of seats across the vehicle and forty inches in the case of seats along the vehicle and facing each other. No standees shall be allowed in either deck of such buses."

3. **Amendment of rule 5:33.**—2. In sub-rule (1) of rule 5:33 of the said Rules to clause (a) the following proviso shall be added namely:—

"Provided that in the case of double-deck buses used for carriage of school students, the gangway shall not be less than 16" in width measured between the fronts of the seats."

By order,

K. M. L. GUPTA,

Under Secretary (Transport).
Delhi Administration, Delhi.

Delhi, the 1st October 1962

No. F.15(39)/62-L&H.—Whereas it appears to the Chief Commissioner of Delhi that land is required to be taken by Government at the public expense for a public purpose, namely, for providing additional accommodation for Police Station, Narela, it is hereby declared that the land described in the specification below is required for the above purpose.

This declaration is made under the provisions of section 6 of the Land Acquisition Act, 1894 to all whom it may concern and under the provisions of section 7 of the said Act, the Collector of Delhi is hereby directed to take order for the acquisition of the said land.

A plan of the land may be inspected at the office of the Collector of Delhi.

SPECIFICATION

- (1) Cold Storage (Refrigeration) Factories.
- (2) Flour Mills engaged in milling flour employing more than 10 workers.

Delhi, the 5th October 1962

No. F.11(6)/62-Lab.(ii).—In exercise of the powers conferred by section 5 of the Factories Act, 1948 (LXIII of 1948) read with the notification of the Government of India, Ministry of Labour and Employment No. S.O. 108 dated the 14th February, 1958, and to meet the public emergency in connection with the operational commitments to be carried out by the Central Ordnance Depot, Delhi-Cantt, the Chief Commissioner, Delhi is pleased to exempt the said factory from the provisions of sections 51, 52, 54 and 56 of the said Act for a further period of three months with effect from 1st October 1962.

No. F.11(6)/62-Lab.(ii).—In exercise of the powers conferred by section 5 of the Factories Act, 1948 (LXIII of 1948) read with the Notification of the Government of India, Ministry of Labour and Employment No. S.O. 108 dated the 14th February, 1958, and to meet the public emergency in connection with the supply of milk in time, the Chief Commissioner, Delhi is pleased to exempt the 'Central Dairy', Delhi Milk Scheme, West Patel Nagar, New Delhi, from the provisions of sections 51, 54, 55 and 58 of the said Act for a further period of three months with effect from the 9th September 1962.

Delhi, the 10th October 1962

No. F.12/22/58-Lab.—In exercise of the powers conferred by section 90 of the Employees' State Insurance Act, 1948 (XXXIV of 1948), the Chief Commissioner, Delhi is pleased to exempt the Automobile Workshop of the Municipal Corporation of Delhi at Nigambodh Gate, Delhi from the operation of the said Act for a further period of one year with effect from the 28th October, 1962.

No. F.18(10)/60-Lab.—In exercise of the powers conferred by section 87 of the Employees' State Insurance Act, 1948 (XXXIV of 1948), the Chief Commissioner, Delhi is pleased to exempt, for a further period of one year with effect from 3rd October, 1962, from the operation of the said Act, except Chapter V-A, every factory which is exclusively engaged in Glue Manufacture and is situated in any area of the Union

Territory of Delhi where Chapters IV, & V of the said Act are in force.

By order,

L. S. TITUS,
Secretary (Labour).
Delhi Administration: Delhi.

Delhi, the 4th October 1962

No. F.10(1)/61-GAD.—The Administrator of Delhi is pleased to declare Tuesday the 9th October, 1962, to be a restricted holiday on account of Durga Puja, in addition to those mentioned in the Schedule of Restricted Holidays, 1962, notified vide this Administration Notification of even number dated the 2nd December, 1961.

By order,

S. C. PANDEY,
Under Secretary (Appointments).
Delhi Administration, Delhi

Delhi, the 4th October 1962

No. F.4(33)/62-Fin.(E).—In exercise of the powers conferred by Section 26 of the Bengal Finance (Sales Tax) Act, 1941 as in force in the Union territory of Delhi, the Chief Commissioner, Delhi is pleased to make, after previous publication, the following rules further to amend the Delhi Sales Tax Rules, 1951, namely:—

RULES

1. **Short title.**—These rules may be called the Delhi Sales Tax (Amendment) Rules 1962.

2. **Substitution of rule 44.**—For rule 44 of the Delhi Sales Tax Rules 1951 (hereinafter referred to as "the said Rules"), the following rule shall be substituted, namely:—

"44. If any sum is payable by the dealer under rule 36, the appropriate Assessing Authority shall round off the same, calculated in terms of the basic rates, to the nearest multiple of 5 naya paise and serve a notice in form S.T. XV upon him, specifying the date, not less than thirty days after the service of the notice, on or before which payment shall be made, and he shall also fix a date, on or before which the dealer shall furnish the receipted challan in proof of such payment."

3. **Insertion of rule 47.**—After sub-rule 46 of the said Rules, the following rule shall be inserted, namely:—

"47. Any sum payable under the Act or those rules shall be rounded off to the nearest multiple of 5 naya paise."

By order,

S. K. JAIN,
Under Secretary Finance (Expenditure).
Delhi Administration, Delhi.

Delhi, the 10th October 1962

No. F.29(6)/59-Home.—In exercise of the powers conferred by Section 16 of the Cinematograph Act, 1952, read with Notification No. 20/8/52-Judl. dated the 23rd July, 1962 by the Government of India, Ministry of Home Affairs and in supersession of his Notification No. F.29(6)/59-Home (ii), dated the 20th September, 1960, the Chief Commissioner, Delhi is pleased to make the following rules further to amend the Delhi Cinematograph Rules, 1953:—

RULES

1. **Short title.**—These rules may be called the Delhi Cinematograph (Amendment) Rules, 1962.

2. **Amendment of rule 45 of Delhi Cinematograph Rules, 1953.**—In rule 45 of the Delhi Cinematograph Rules, 1953, for clause (xii), the following clause shall be substituted, namely:—

"(xii) No person below the age of 18 years shall be admitted to any show commencing before 3 p.m. except on a Saturday, a Sunday, a holiday notified by the Chief Commissioner or on any day during the periods 1st of May to 14th of July and 26th of December to 1st of January.

Provided that this prohibition shall not apply—

- (a) to the admission of children below 5 years of age;
- (b) to shows which exclusively exhibit films produced by the Children's Film Society."

By order,

K. M. L. GUPTA,
Under Secretary (Home).
Delhi Administration, Delhi.
